

# A Guideline To Buying Your Flooring

Flooring

"Flooring is the foundation design of every room"

# Our Promise to you

## We work directly with our manufacturers

We ensure our customers receive unparalleled value. If you find an authorised retailer offering our products at a lower price, we are committed to matching that price when we supply & fit.

## We offer a 24 month fitting guarantee

We back our quality through 30 years of experience.

## Dedicated project manager

To ensure a seamless experience we assign a dedicated project manager to you. This project manager serves as your single point of contact, guiding you through every step of the process. From initial design consultation, material selection, and scheduling to the final installation and post-service care, our project manager will be there to answer any questions.

## Make A Booking

Start with a booking online or call us on **01733 731 930**

## Design Consultation

Meet our design experts to discuss your desired aesthetics & functionality. They offer advice, show you trending designs, and help you visualize the end result in your space.

## Site Survey

book your **FREE** site survey where we can assess your floor space & identify key needs.

## Home Measure

Our experts will measure the space where the new flooring will be installed. They may also take into account factors like room lighting and traffic flow.

# What's Happens Next?

## Receive An Estimate

You'll receive a no-obligation quote by e-mail, which includes the cost of materials and installation. This is a great time to ask about timeline, payment options, or any other queries you may have.

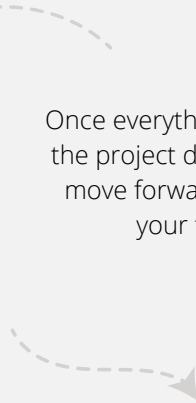

## Confirmation

Once everything looks good to you, we'll confirm the project details with a 70% deposit & we can move forward with the exciting part—making your flooring dreams come true!

## Schedule Fitting Date

Upon acceptance we will schedule a fitting date

## After Completion

After the installation is complete, our professional fitter will provide you with an update and ensure your total satisfaction. Following this, we will proceed with processing the final payment.
